
Coming Soon... LIVE CHAT!

Posted by findhelp - 2008/04/29 08:54

I'm working hard on integrating an ajax/javascript based LIVE CHAT COMPONENT into the site that will enable live communication between registered members of the website, and live CHATROOMS which can be used for community discussions, online meetings, or just keeping in touch with others in recovery... The possibilities are endless. Treatment Centers can even hold live, online Aftercare meetings! This is a great time to go into your profiles and use the "my invites" tool to invite your friends, colleagues and family members to register for the site so you can keep in touch!
:woohoo:

Here's a screenshot of the chat in a popup window with a green template of which I'm particularly fond:
